FOREWARD DISCLAIMER

I would just like to begin by saying I am not the original Pedowood guy, nor claim to be. I made a few additions and gathered up as much new material that has been generated as possible. The size and scope has increased, so I put in a few hours to fit everything in. Some of the newer elements have to do with psychological research and operations, while others simply expand into a wider spectrum of previously covered topics. Feel free to use at your discretion and to make any corrections needed for future editions.

END DISCLAIMER

PRIMARY SOURCES ARE INCLUDED AT THE BOTTOM IN AN APPROPRIATELY LABELED, BRACKETED SECTION.

The information below is intended to convey the reality of the fact that, criminal networks exist and provide access to children for the purposes of sexual exploitation and child pornography to elite clientele in the political and business worlds. These networks often target the most vulnerable populations of children, especially those in state institutions. Oftentimes, these networks are protected by security forces and the legal system because they are a valuable source of blackmail/intelligence, and because the revelation of their clients would be politically problematic. When they are exposed, the full story is almost never told. These sections are presented in no particular order.

[THE FRANKLIN CASE]

In the 1980s, banker/politician Lawrence King used the Omaha, NB Franklin Credit Union as a cover for many criminal activities, including child trafficking and pimping to elite clients in Washington DC. Children were prostituted at parties hosted by gay-pimp Republican lobbyist Craig Spence. The credit union failed due to King's embezzlement and a NB State Senate investigation turned up massive evidence of large-scale child abuse, but the FBI shut down the investigation and two sham grand juries attacked the accusers. Several witnesses and an investigator were murdered or died mysteriously. Former CIA Director Bill Colby went on record stating the case had merit before dying in a "canoe accident".

The Franklin Death List;

Bill Colby - 'canoeing accident'
Ted Gunderson - complications from cancer - what was on Wiki, now says due to arsenic poisoning like syndrome, video on youtube explains - search Ted Gunderson poisoned
Troy Boner - completely whacked off the grid, no records of death/autopsy found. Look in DeCamp's book.
Gary Caradori - the investigation ruled the plane 'fell apart' in the air
Caradori's son - in the plane crash
Johnny Gosch - who knows

"What you have to understand, John, is that sometimes there are forces and events too big, too powerful, with so much at stake for other people or institutions, that you cannot do anything about them, no matter how evil or wrong they are and no matter how dedicated or sincere you are or how much evidence you have. This is simply one of the hard facts of life you have to face."
-Former CIA director and Cercle member William Colby giving advice to his friend senator John DeCamp, urging to quit his investigations into the Franklin child abuse affair and to write a book about his experiences (The Franklin Coverup, 2nd edition, foreword). Decamp's life has been threatened many times (chapter 4 is a good place to begin)

[THE FINDERS CASE]

"The Finders" were a cult organization investigated in the late 1980s for child
abuse and trafficking. A US Customs Service report from that time states that th
e organization was trafficking and abusing many children but the investigation w
as shut down by CIA. If the Finders still exist, no information exists about the
ir activities after the early 1990s.

[THE DUTROUX/FOURNIRET CASES]

In the 1996, Belgian criminal Marc Dutroux was arrested for kidnapping several young girls, holding them for months and murdering them. Dutroux had previously been released from prison despite raping women and the police "missed" numerous, obvious opportunities to stop him while the girls were still alive. Dutroux and his surviving victims maintained in court that he was just a functionary for a network of criminals that provided children and child porn to businessmen and politicians across Europe. Multiple witnesses were murdered or "committed suicide", judges resigned from the case citing fear for their lives, evidence was suppressed and the mismanagement of the case led to protests with hundreds of thousands of people in the streets of Brussels. The government still claims Dutroux was not part of any network

Regina Louf (X1) described how she and others were sometimes raped by German shepherds or even how snakes were inserted into the vaginas of the girls. It sounds bizarre, but take a look at some of the pictures. These have been confiscated from a child abuse network and appeared in the Dutroux dossier, DVD 3, 47073774-1 to 4.pdf. There are hundreds of children on these (low quality) pictures, making you wonder where all of them are today and how they are doing (or if they're alive in the first place). Judging from these pictures (and there are many more), sex with dogs and other animals is very common in child abuse networks.

"Père forced me back on my knees, pushed me with my face on the cool table surface, and the other tied my left- and right wrist to the bed... I was unable to move in any direction and was forced to stay in this humiliating position... Everything is set ready, the lamps are pushed in the right position, the light intensity is measured – what is about to happen, I don't know, but the tension is building in my stomach. What's the deal with those dogs?... I feel how the claws of the rough-haired dog are pressing into my sides. I feel how he's panting in my neck, drool from his tongue is dripping on my back. I scream as I feel how he enters me, how his paws clasp me, his nails press into my skin. 'Get him off me', I scream... My cries are lost in an enthusiastic cheer when the dogs lets something wet run down my legs... It was the first photo shoot with dogs in a long line." (55)

Testimony of Regina Louf is important because it shows how the criminal ring worked on a practical level when interacting with clients

Another Belgian serial killer, Michel Fourniret, was convicted in an almost identical case involving young girls kidnapped, sold into prostitution for elite clients, and murdered. In Fourniret's case as well, multiple witnesses and investigators (including a police detective) were killed or intimidated, and police misconduct was rampant.

A French serial killer from Tolouse, Patrice Alegre, alleged that he murdered prostitutes on orders from city and police officials who he had supplied with prostitutes and drugs for sado-masochistic orgies. His allegations were supported by several prostitutes, although no one was ever convicted. Alegre worked in a police canteen.

[OPERATION FLICKER/PENTAGON PEDOS]

An investigation by ICE revealed that thousands of Defense Department computers and email addresses had been used to view or purchase child pornography, dozens of which were used by people with the highest-level security clearances. Only a few, low-ranking individuals were tried and convicted, and thousands of names were never investigated further, before the investigation was closed.

DynCorp is one of the world's largest defense contracting companies. It has been deeply involved in DOD and CIA operations in the Mideast and elsewhere for years and its management is largely composed of former military and intelligence figures. DynCorp and its employees have been implicated as pimps and customers of child prostitutes in Bosnia, Iraq and Afghanistan. In some states, DynCorp is hired by Child Protective Services to take children from their parents.

These documentaries aired in 1981 so they are pre-Franklin but they cover th e same territory but with a focus on the boy prostitution problem in Dallas Texa s specifically and in the South and Southwest among elites like politicians. It featured 2 journalists, Tom Philpott and Mark McKinnon, who had been investigati ng the matter. Philpott was non-lethally shot at home within a short time of the show being aired and he then went on to "commit suicide" under dubious circumst ances. McKinnon went on to work for George W Bush;

Although the CIA insists that MKUltra-type experiments have been abandoned, some CIA observers say there is little reason to believe it does not continue today under a different set of acronyms. 14-year CIA veteran Victor Marchetti has stated in various interviews that the CIA routinely conducts disinformation camp

"Paul Jr. believed that his father's health problems stemmed from attempts by CIA and MI5 to "neutralize" his father. He said that three doctors treating Ro beson in London and New York had been CIA contractors, and that his father's sym ptoms resulted from being "subjected to mind depatterning under MKULTRA", a secr et CIA program. Martin Duberman claimed that Robeson's health breakdown was prob ably brought on by a combination of factors including extreme emotional and phys ical stress, bipolar depression, exhaustion and the beginning of circulatory and heart problems. "[E]ven without an organic predisposition and accumulated press ures of government harassment he might have been susceptible to a breakdown.""

Roman Polanski, Zionist Pedophile
http://en.wikipedia.org/wiki/Roman_Polanski_sexual_abuse_case

In September 2009, Weinstein publicly voiced opposition to efforts to extradite Roman Polanski from Switzerland to the U.S. regarding 1977 charges of unlawful sexual intercourse with a 13-year-old, to which Polanski had pled guilty before fleeing the country. Weinstein, whose company had distributed a film about the Polanski case, questioned whether Polanski committed any crime, prompting Los Angeles County District Attorney Steve Cooley to insist that Polanski's guilty plea indeed qualified his action as a crime, and that several other more serious charges were still pending.

On 3 April 1980 three members of staff at the home, William McGrath, Raymond Semple and Joseph Mains, were charged with a number of offences relating to the systematic sexual abuse of children in their care over a number of years. All three were later convicted and jailed. Mains, the former warden, received a term of six years, Semple, a former assistant warden, five years and McGrath was jailed in December 1981 for four years.

The Hollywood Baby Snatcher: The sinister story of the woman who stole children and sold them to the stars
http://www.dailymail.co.uk/femail/article-1131282/The-Hollywood-Baby-Snatcher-The-sinister-story-woman-stole-children-sold-stars.html

> For 30 years, Georgia Tann made millions selling children. A network of scouts, corrupt judges and politicians helped her steal babies. She also targeted youngsters on their way home from school, promising them ice cream to tempt them away from their homes. Legal papers would be signed saying they were abandoned - most would never see their families again. Now, her story has been revealed in a new book. After painstakingly contacting her surviving victims and a forensic search through the archives, Barbara Bisantz Raymond calculates that Tann sold more than 5,000 children - and killed scores through neglect. During the time she ran her 'business', the infant mortality rate in Memphis was the highest in the country. Tann molested some of the girls in her care and placed children with pedophiles. She charged fees to couples desperate to be parents. Some victims were sold as underage farm hands or domestic skivvies. Others were starved, beaten and raped. The lucky ones were sold to wealthy parents, with Hollywood stars, including Lana Turner and Joan Crawford - who adopted twins Cathy and Cynthia - lining up for babies. Some of the children were featured in magazine articles. A number were placed with families in Britain.

Pedophile ring used boys home

Take the McMartin preschool incident, for example. Read up on it if you haven't, here's an excerpt from Programmed to Kill, which again, I can't recommend enough. Fantastic work by David McGowan.
> "Experts have noted that the victimized children showed a level of knowledge that defies rational explanation if the kids have not experienced what they claim to have experienced. For instance, these children can accurately describe the look, smell, texture and colors of human viscera (internal body organs). This is an ability, it has been argued, that very few adults possess, other than those trained as surgeons or coroners. These children also display a remarkable level of knowledge of a wide variety of unconventional human sexual practices, including many acts that, again. most adults do not have knowledge or awareness of. If these children did not experience these things firsthand, then how did they gain such knowledge?"
